

# LB CLASS OF 2023-2025 INVESTMENT & COMMITMENT FORM

## TIME COMMITMENT:

The first year of the program consists of an overnight retreat, a golf scramble, and ten one-day sessions where participants are informed and challenged on significant issues facing our area. Each participant spends time getting to know his or her classmates, learning about current trends in specific industries, and interacting with community leaders. During the second year, the class is broken into committees for planning and directing the overnight retreat, LBA interviews and ten Leadership Boise sessions and the four Leadership Boise Academy (junior level high school students) sessions for the upcoming year. Each committee is comprised of seven to ten members of the class and each committee plans two Leadership Boise sessions and in some cases an additional session for Leadership Boise Academy. Monthly committee planning meetings, which last approximately two hours each, are also required during the second year of the program. Please review the schedules below. Attendance is monitored, and absenteeism may result in dismissal from the program.

## FINANCIAL COMMITMENT:

The tuition is \$1,950 for the two-year program which includes meals, transportation, workbook, and administrative costs. Tuition will be due 45 days from notification of acceptance into the program. Tuition is non refundable or transferable. Your company must be a Boise Metro Chamber member.
